CHAIN CLEANER

PRODUCT FEATURES:

This product is easy to use and quickly removes dirt, grime, dust and oil from chains. Compatible with O, X and Z ring chains the formula blasts off contaminants and dries in minutes. Regular cleaning helps to reduce wear on the chain to maintain performance for longer.

PRODUCT BENEFITS:

- Softens and solubilises all greases and oils.
- Fast and easy rinsing.
- Leaves no residue.
- Maintains performance of chain.
- Quick drying.

TYPICAL APPLICATIONS:

On metallic surfaces and most rigid thermosetting plastics for all engineering applications.

DIRECTIONS FOR USE:

Shake can well. Apply to chain, swing arm and drivetrain and work any tough areas with a brush if necessary. To finish, lubricate chain with WD-40 Specialist® Motorbike Chain Lube or Chain Wax for all round protection.

TECHNICAL DATA:

PROPERTY:

APPEARANCE
pH
SPECIFIC GRAVITY
VISCOSITY
NON VOLATILES % M/M
ACTIVE CONTENT % M/M, AS SUPPLIED
FLAMMABILITY, AS SUPPLIED
COMPOSITION DATA, AS SUPPLIED

CHAIN CLEANER:

Clear, water white aerosol mist with a characteristic organic odour
Not applicable, non-aqueous
0.768 - 0.778 [Base Component]
Thin free flowing liquid. Extremely volatile
0.5 - 1.5
70 - 80
Extremely flammable, flash point below -20°C
A solution of aliphatic hydrocarbon solvent, aliphatic alcohol, non-ionic surfactant and hydrocarbon propellant.

PACKAGING SPECS:

400ML AEROSOL
