# TOTAL WASH

## PRODUCT FEATURES:

This product is an all purpose cleaner designed to quickly cut through traffic film and road grime. This formula leaves a great finish and is safe to use on paintwork, plastic, rubber, aluminium, chrome, carbon fibre, seals and disc pads - basically all over the bike!

## PRODUCT BENEFITS:

- Rapidly cuts through dirt and grime.
- Fully biodegradable.
- Water-based and solvent free.
- Low odour.
- Contains no harmful acids.
- Safe on most materials including paintwork, steel, aluminium, carbon fibre, plastic and rubber.

## TYPICAL APPLICATIONS:

On most metallic, painted and plastic surfaces.

## DIRECTIONS FOR USE:

First rinse bike then spray on Total Wash, undiluted, and leave for 2-5 minutes. Work any tough areas with a brush and rinse off with clean water. Do not allow Total Wash to dry before rinsing.
